

NGK COMMERCIAL SPARK PLUGS

- Ideal for small engine applications, including lawn equipment and trimmers
- Easy starting, anti-fouling design
- Provide long life

AMSOIL Ea® OIL FILTERS (Ea0)

- Greater efficiency, capacity and durability than cellulose filters
- Reduce engine wear
- Extend engine and filter life

WIX OIL AND AIR FILTERS

AMSOIL offers premium WIX oil and air filters, providing excellent protection for lawn care equipment.

AMSOIL products and Dealership information are available from your local AMSOIL Dealer.

The First in Synthetics®

LAWN & GARDEN PRODUCTS

PERFORMANCE & PROTECTION

For Two- and Four- Cycle Engines

AMSOIL Synthetic Tractor Hydraulic/Transmission Oil (ATH) "All Weather" SAE 5W-30

- Meets the tough demands of hydraulic and hydrostatic-powered applications
- Exceeds the most demanding "all weather" Universal Tractor Transmission Oil specifications
- Exceeds the performance requirements of virtually every piece of modern machinery
- Effectively reduces wear
- Controls hydraulic fade
- Promotes smooth brake operation

AMSOIL Bar & Chain Oil (ABC)

- Ideal for chainsaws
- Reduces drag, optimizing efficiency and extending chain life
- Clings tenaciously to metal surfaces, delivering unparalleled lubrication and protection

AMSOIL Quickshot® SE (AQS)

- Cleans varnish, gums and insoluble debris in two- and four-stroke gasoline-powered small engine fuel systems
- Addresses performance issues related to ethanol, water and dirty pump gas
- Stabilizes fuel between uses and during short-term storage periods

PRODUCTS FOR STORED EQUIPMENT

AMSOIL Engine Fogging Oil (FOG)

- Provides two- and four-cycle stored equipment with long-term protection against corrosion and dry starts
- Extends equipment life
- Reduces operating expenses
- Easy and clean applications
- Reaches more components
- All position spray nozzle

AMSOIL Gasoline Stabilizer (AST)

- Keeps fuel from deteriorating during storage
- Reduces the oxidation process
- Prevents varnish and gum buildup that clogs injectors, sticks floats and causes poor engine performance

AMSOIL SYNTHETIC MOTOR OILS FOR TWO- AND FOUR- CYCLE LAWN CARE EQUIPMENT

GREASES

AMSOIL Formula 4-Stroke® 10W-30/SAE 30 Synthetic Small Engine Oil (ASE)

AMSOIL Formula 4-Stroke® 10W-30/SAE 30 Synthetic Small Engine Oil is a robust formulation designed for the hot temperature, severe service operating conditions of small engines where routine maintenance is often difficult or infrequent. Formula 4-Stroke® Small Engine Oil resists heat and reduces oil consumption. It provides excellent protection for transmission systems and is ideal for hydraulic or hydrostatic systems and chain cases.

- Provides superior performance in gasoline and diesel four-cycle lawn care equipment, including tractors, mowers, sweepers and tillers
- Resists oxidative and thermal breakdown in high temperature, high RPM conditions
- Provides superior wear protection for long equipment life
- Inhibits rust and corrosion
- Improves productivity and reduces maintenance costs

AMSOIL Saber® Professional Synthetic 100:1 Pre-Mix 2-Cycle Oil (ATP)

AMSOIL Saber Professional Synthetic 100:1 Pre-Mix 2-Cycle Oil is formulated with exclusive AMSOIL synthetic base oils and premium additives. Designed for lean mix ratios in two-cycle motors, Saber Professional is “smokeless” and has excellent lubricity and cleanliness properties, controlling friction and preventing wear, plug fouling, ring sticking and exhaust port blocking.

- Provides superior protection for small two-cycle motors, including chain saws, lawn equipment, blowers, chop saws, pumps and carts
- Produces lower emissions at 100:1 mix ratio than oils mixed at 50:1
- One mix ratio for everything eliminates confusion
- Versatile and very good for many applications
- Cost effective compared to oils mixed at 50:1 or richer

AMSOIL Synthetic Multi-Purpose Grease (GLC)

- Designed for multiple use applications, including wheel bearings and electric motors
- Excels in temperature extremes
- Excellent adhesion properties and water resistance
- Reduces repair and maintenance costs

Synthetic Polymeric Truck, Chassis and Equipment Grease (GPTR)

- Excellent wear protection and performance in severe operating environments
- Delivers maximum impact/pound-out resistance
- Seals out water and contaminants
- Provides extended service life

AMSOIL Synthetic Water Resistant Grease (GWR)

- Formulated specially for wet-duty performance, providing excellent cohesiveness and adhesiveness
- Effectively reduces friction, helping equipment run cooler
- Performs over a wide temperature range
- Protects against wear, even under heavy loads
